## **Children and Young People's Workforce Training Calendar**

**June- November 2010**

## Welcome to the 2010 OCVYS Training Brochure

The OCVYS training project works in partnership with Oxfordshire County Council Children's Workforce Development. The project supports people working with children and young people in Oxfordshire within the Third Sector to have information and access to training.

The calendar is produced twice a year, as a directory of training available in Oxfordshire relevant to those working with children and young people.

Feedback is always welcome, so please let us know about any of your training needs and your experiences of training events attended. You can contact us on **01865 774004** or email [Catherine.lacey@ocvys.org](mailto:Catherine.lacey@ocvys.org) or [Jennifer.mahon@ocvys.org](mailto:Jennifer.mahon@ocvys.org)

# Becoming a member of OCVYS

If you work with children and young people (5 – 25yrs) in Oxfordshire and you are a voluntary or community organisation or charity then you are eligible to become a member of OCVYS.

**Oxfordshire Children and Voluntary Youth Services** is an independent charitable organisation. We work in partnership with membership organisations by:

- Encouraging co-operation and joint action by providing regular forums for the exchange of ideas
- Acting as a focal point for information for voluntary children and youth organisations in the county; regularly alerting our members to funding opportunities, the latest policy and guidance, best practice.
- Providing information on countywide training opportunities.
- Promoting member's projects, training, job vacancies through our website, E-newsletter and training calendar.
- Providing an evaluation service where children and young people can evaluate your organisation's services and OCVYS will collate the findings.... allowing you to quickly and easily map out comes etc (increasingly essential for funding, grants etc)
- Promoting training through the production of this training calendar
- Producing our E-Newsletter, with information relevant to people working with children and young people in Oxfordshire such as; job vacancies, training events, funding opportunities, Integrated Youth Support Service updates, current youth work and local affairs and much more.

To find out more on becoming a member of OCVYS, email [Jennifer.mahon@ocvys.org](mailto:Jennifer.mahon@ocvys.org) or telephone 01865 600 984.

We at OCVYS are working with Oxfordshire County Council Children's workforce development to provide pilots in Common Core Training. We will also be running Forum days throughout the county based on your feedback, so please let us know your thoughts and ideas on forums and training.

OCVYS members can access Local Authority Partner Training offered by the Integrated Youth Support Service and Common Core Training through the Children's Workforce Development. These training opportunities are also available to practitioners who work with children and young people in Oxfordshire who are not OCVYS members but may be at a small cost.

### Common Core Training

The Oxfordshire Children's Trust has identified that every "front line worker" who has an impact on the lives of children, young people and families both paid and unpaid, should participate in an integrated, agreed, and planned core training programme early in their career. This is in line with the common core of skills and knowledge for everyone working with children and young people.

The design of this in-service, inter-agency training builds upon existing good practice in Oxfordshire. This training will help to establish a greater shared language and understanding across different parts of the children's workforce and ensure improved integrated working practices amongst frontline staff.

Once signed up to day 1 more information will be sent about the other (flexible) modules, dates and venues that form the full programme across several months.

The outcome of this modular training will ensure that all workers in all settings have the knowledge, skills and understanding that are fundamental to working together to improve outcomes for children, young people and their families.

#### Modules

**Module A** - Principles & Values, Legislation, Equality, Confidentiality & Information sharing, person centred practice, Understanding your role as a worker

**Module B** - Understanding Children & Young Persons Development

**Module C** - Building relationships & Communication with Children & Young People includes restorative approaches

**Module D** - i) Understanding Health, Safety & Wellbeing ii) keeping Children safe, iii) Personal & Professional Development

**This pilot programme will be free (though cancellation fees will apply.)**

#### [Booking onto the course](#)

Booking onto the course (for all participants except schools) should be done online using the Oxfordshire County Council learning & development system using the following link:

<http://learning.myoxfordshire.gov.uk>

Go to the "children's folder" then "children's workforce development" section.

Guidance on how to use this booking system is on the site (in the top right hand corner)
